PROFESSIONAL SUMMARY

Senior Full Stack Developer with 5+ years of experience designing and developing enterprise-grade web and desktop applications using ASP.NET Core, Angular, C#, SQL Server, Web API, and Azure DevOps. Experienced in engineering software, CAD-like illustration platforms, geometry-intensive algorithms, image-processing systems, performance optimization, and scalable business applications. Proven ability to deliver end-to-end solutions from requirements analysis through deployment in Agile environments.

KEY HIGHLIGHTS

- 5+ years of software engineering experience across enterprise web and desktop platforms.
- Developed CAD-like engineering software used in aerospace and industrial design workflows.
- Implemented advanced geometry algorithms including fillet generation, projection systems, trimming, extension, and transformation operations.
- Improved application responsiveness by up to 30% through optimization, caching, asynchronous programming, and multithreading.
- Built scalable full-stack applications using ASP.NET Core, Angular, Entity Framework Core, SQL Server, and REST APIs.

TECHNICAL SKILLS

Languages: C#, JavaScript, TypeScript, SQL

Backend: ASP.NET Core, ASP.NET MVC, .NET Framework, Web API, Entity Framework Core, LINQ

Frontend: Angular, HTML5, CSS3, JavaScript, TypeScript

Database: SQL Server

Desktop: WinForms

Tools: Azure DevOps, Git, Ranorex Studio

Concepts: OOP, SOLID Principles, Design Patterns, Multithreading, Async Programming, REST APIs, JWT Authentication, Agile Scrum

PROFESSIONAL EXPERIENCE

Accenture Solutions Pvt Ltd | Software Engineering Analyst | Jun 2023 – Present

- Develop enterprise web and desktop applications using ASP.NET Core, Angular, C#, SQL Server, and REST APIs.
- Design scalable backend services and API integrations for business-critical workflows.
- Develop geometry-intensive and image-processing functionality using mathematical algorithms.
- Improve performance through caching, asynchronous programming, multithreading, and optimized database operations.
- Participate in sprint planning, estimations, code reviews, technical documentation, and Agile delivery.

Umlaut Pvt Ltd | Junior Developer | Jun 2021 – May 2023

- Developed and maintained applications using C# and .NET technologies.
- Resolved application defects, performance bottlenecks, and stability issues.
- Collaborated with Agile teams and participated in code reviews and knowledge-sharing initiatives.

PROJECTS

Umlaut Illustrator – Engineering Illustration Platform (Desktop + Web)

- Developed a CAD-like engineering illustration platform used in aerospace and industrial design domains.
- Built advanced drawing and editing tools using C# and WinForms for precision engineering diagrams.
- Designed geometry engines supporting lines, arcs, circles, ellipses, and complex drawing operations.

- Developed advanced fillet generation algorithms across multiple geometric entities and projection modes.
- Implemented projection and transformation algorithms supporting engineering workflows.
- Built image-processing capabilities including grayscale conversion, cropping, erasing, compression, and rendering optimization.
- Improved rendering performance and responsiveness for large engineering drawings through optimization and asynchronous processing.

Agile Project Management Platform

- Designed and developed a full-stack project management platform using ASP.NET Core, Angular, Entity Framework Core, and SQL Server.
- Built RESTful APIs supporting sprint planning, backlog management, task tracking, and reporting.
- Implemented JWT-based authentication and role-based access control.
- Developed responsive Angular dashboards and reusable UI components.
- Integrated exception handling, standardized API responses, and optimized database interactions.
- Utilized Azure DevOps Boards for Agile planning, tracking, and release management.

EDUCATION

Master of Science – Computer Applications Development

SRM Institute of Science and Technology (2022–2024)

Bachelor of Science – Computer Applications Development

Garden City University (2017–2020)
